

TABLE LIGHT/COLLABORATION WITH VERRE D'ONGE

Gigi

Gigi is playful. Its lines are daring and its tones sensual. Under the breath of the glassblower, the unique shades and tones of the color spread throughout the material. It allows itself to be discovered, to be revealed in alternating opacity and transparency.

Gigi was the result of a professional love affair between Studio Darmes and Verre d'Onge. This joint project is the alliance of two domains: the mastery of glass and of light. Its very existence emerges from a creative process focused on pleasure and an exploration of its physical nature, of the sensory experience of its presence in space, both in its table and floor version.

Gigi offers quality two-way lighting that fades to warmer shades to create a muted ambience in which it infuses a touch of playfulness, joy and softness.

Gigi Table

LAMPING SPECIFICATIONS

Input voltage : 120V or 220-240V
 Power input : 12W
 Technology : Intergrated LED / Touch dimmer
 CRI : ≥93
 CCT : LED Dim to warm 3000K (Warm white) to 2200K
 LED Fix 2200K / 2700K / 3000K / 3500K / 4000K
 Lumen source : 1400 lm

PRODUCT WEIGHT 2,1 kg / 4,6 lbs

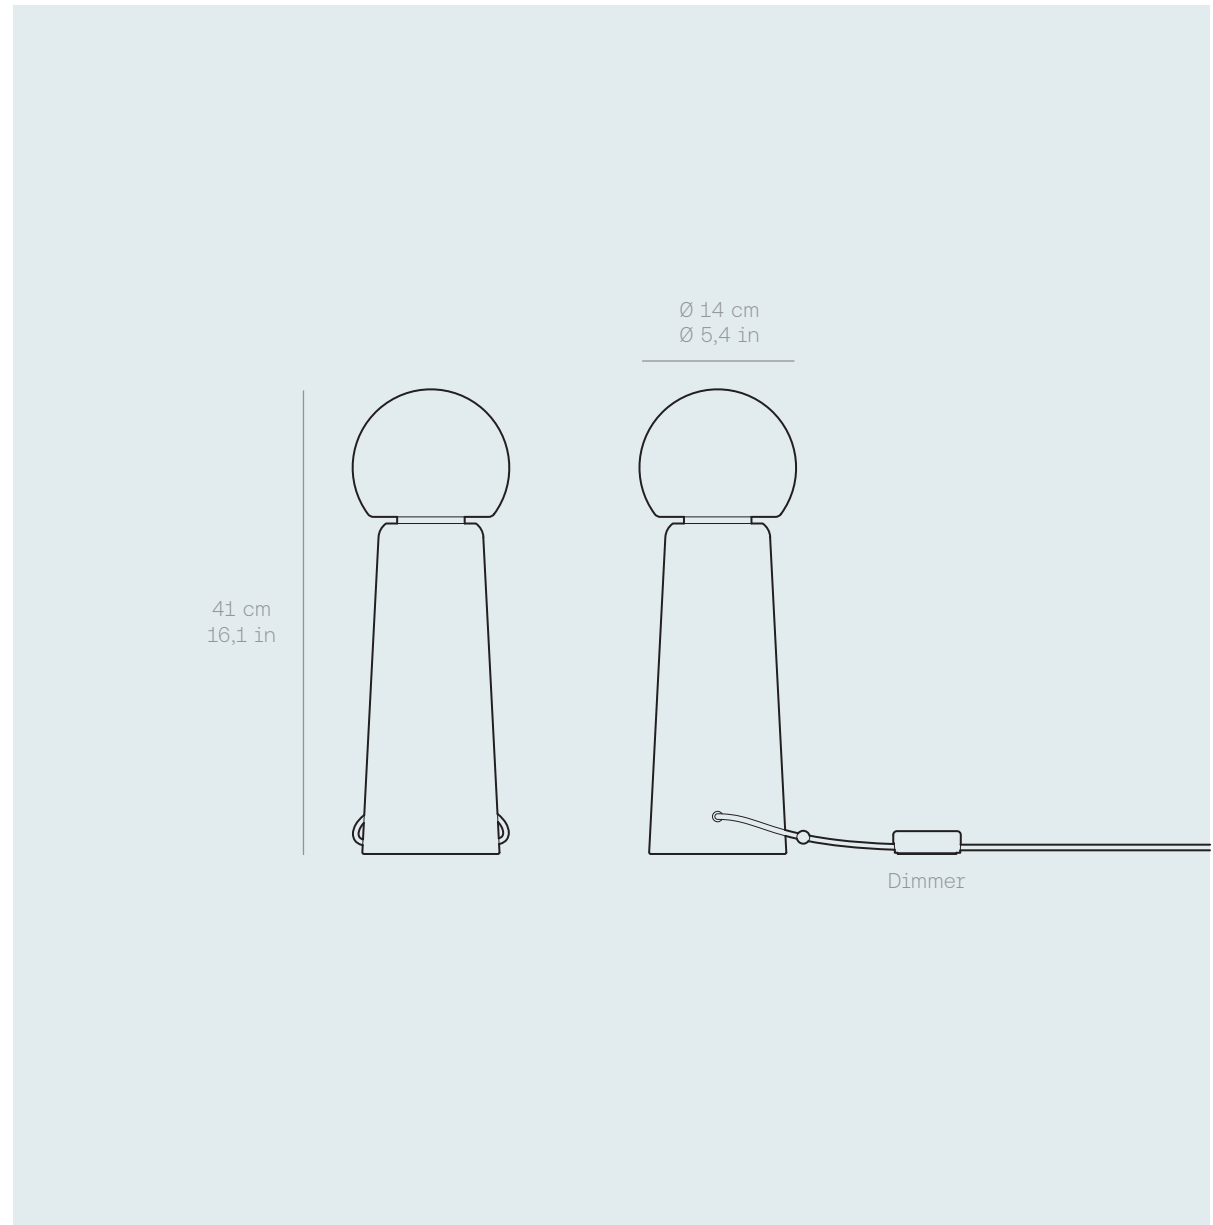

CONSTRUCTION Handmade blowingglass and aluminium

CERTIFICATIONS IP20 
 Designed and made in Canada

MATERIALS GLASS COLOR :

-  Clear
-  Red
-  Fog
-  Dark
-  Sage
-  Custom

*Color grandiant may vary from one fixture to another
